MINUTE REVIEW	<p>Crystal Sbraggia read the minutes from the February 2015.</p> <p>mmsp: Joan / Paul - Motion to approve meeting minutes.</p>
<p>Tom & Abbie Powell N9105 County Highway V Request for Variance</p> <p>A request for approval to build a pole shed that is larger and taller than the restrictions set forth by La Crosse County.</p>	<p>Both Tom and Abbie Powell were in attendance and helped to present the reasons surrounding their request for variance. They are seeking approval to build a pole shed that is 4 feet taller (21 feet vs 17 feet) and 180 square foot larger (1680 sq ft vs 1500) than the requirements set forth through LaCrosse County. Unaware of such requirements the Powells purchased their property with the intentions of building a pole shed large enough to house and maintain a large RV. Upon learning of the size restrictions they attempted to design a building that would meet both the necessary specs and their needs, however, realized that their layout options were limited and would not suit their plans. The couple also explained the unique land situation and told the committee that if their land was not separated by Highway V that their total acreage would be adequate for a building size in which they are requesting.</p> <p>mmsp: Paul / Steve "I make a motion that the committee recommend that the town board give approval of the requests."</p> <p>Action: <i>Requests must be presented at both the LaCrosse County Board of Appeals as well as the April 14th Town Board meeting.</i></p>
