Request to Amend Comprehensive Plan	<p>It was proposed by Mike Hesse that the Plan Committee consider amending the "Future Use" section of the Comprehensive Plan in regard to the current school's southern most parcel of land.</p> <p>Currently the parcel in question (5-935-0) houses both the building and parking lot / park area and is zoned public and institutional. In order to make the parcel more attractive to buyers while preserving the current park/parking lot area, Hesse proposed that the parcel's future use be split into two different zones. The portion containing the building would be slated for non-residential future use while the portion containing the current park and parking lot would remain as public institutional.</p> <p>The committee discussed the pros and cons and agreed to move forward with process of amending the plan to make these changes.</p> <p>Mmsp: White/Lash: A motion was made to recommend amending the Comprehensive Plan to change the future use section of the document in regard to Parcel 5-935-0.</p> <p>Action: Move recommendation to June Town Board Meeting</p>
Adjourn	Mmsp Lash/White: A motion to adjourn was made at 9:35pm.
